NDIS Support Coordination - Level 3 and Level 2

Our Support Coordination takes the stress out of your NDIS plan. Our team ensure you get the most out of your approved funding and seamlessly roll out the supports identified in your plan.

We will work with you to;

- find and connect to the most suitable service providers to deliver the support identified in your plan
- minimise the complexity of negotiating with service providers
- ensure your supports meet their obligations
- achieve greater independence to self-direct services and support
- manage issues with your support should they arise
- manage and respond to all NDIA reporting to secure the level of funding you need
- can offer crisis planning to focus on prevention, mitigation and actions
- connect you with non-NDIS funded services

We are an independent and fully audited NDIS-compliant business supporting participants across Victoria.

We believe everyone deserves the best chance and quality of life and are committed to making that a reality.

Benefits we can deliver for your plan;

- Best funding level to meet your everyday needs to assure your quality of life
- Unbiased and impartial way of arranging your services
- Personal focused client management
- NDIS Accredited organisation
- All our fees are included in your NDIS plan
- Experience within the NDIS Support Coordination sector with mental health focus
- NDIS Support coordination with a Positive Behaviour Support approach

- Housing, ILO and Disability Public housing experience
- NDIS Support Coordination focus with no other services provided
